# Powder and Bulk Engineering

December 2020 | Volume 34 Number 12

[www.powderbulk.com](http://www.powderbulk.com)

**On the cover:** Model 402-905-18 Weight-Loss weighfeeder is shown at the supplier's customer demonstration facilities in Moonachie, NJ, as part of an integrated system that includes a bulk bag unloader, refill hopper, and weighfeeder metering 0.5-inch fiberglass material at 300 pounds per hour into a conveyor, typically discharging to a downstream continuous mixer. Weighfeeder incorporates a technologically advanced, durable, and dependable weighing system that's permanently calibrated and adjustment-free. Courtesy of Acrison, Moonachie, NJ, 800-422-4766 ([www.acrison.com](http://www.acrison.com)).
